## TURKEY POLLUTION FINES 2021

Based on "Revaluation Rate" announced and issued at Official Gazette numbered 31318 by The Ministry of Treasury and Finance on 28<sup>th</sup> Nov 2020, The Ministry of Environment and Urbanization increased the administrative pollution fines rates by 9.11% in comparison to the previous rates with effect from the 1<sup>st</sup> of January 2021. It is assumed that such increases were made with the scope to maintain the deterrence of fines in line with the inflation rate and subsequent devaluation of Turkish currency (fines are expressed in Turkish Lira).
